This is an introductory class to improvisation for kids who love to engage in creative fun. Students will play popular theatre games that focus on technique, pantomime, movement, and storytelling. By the end of the session, students will be proficient at using the actor's tools of voice, body, and imagination to create characters and tell a story.

Thursdays: January 14 - May 19 (no February 18th or March 31st)

Ages 6-9 3:30 - 4:45 pm

Ages 10-15 4:45 - 6:00 pm

Showcase: Saturday, May 21 at 2:00 pm

Sunday, May 22 at 2:00 pm

Tickets for showcase will be sold at \$5 per person

Tuition: \$300

How do you leave your fears behind, put yourself out there, and become the heart and soul of the character you want to portray?

This class is designed to provide students with the skills to develop a character and capture the audience's attention from the moment they walk out on stage. Learn how to create stage presence whether they are playing a lead or working it in the chorus. Students will...

- Learn to think on their feet with improvisation
- Work independently on monologues
- Work in small groups on scenes
- Develop audition techniques
- Develop believable, relatable characters through monologues, scenes, & musical performance

All of this will culminate in a final showcase highlighting what they have learned.

Participants must commit to the entire schedule unless the director has granted permission in advance. Less than full participation may limit the participant's opportunities in the final showcase. If granted, there will be no tuition discount for limited participation. Every participant will be in the performance showcase, though no participant is guaranteed a featured or solo performance. Casting decisions will be based on a student's abilities and dedication.

We are dedicated to providing a safe and positive environment for our students and creative staff. Part of that is requiring all participants in all programs be properly immunized. Please read our policy on the matter on our website, and refer to your health care provider or the Centers for Disease Control and Prevention for additional information.
